# Important information

Under the Anti-Money Laundering and Countering the Finance of Terrorism Act 2009, we are required to obtain information about a client's identity and residential address. We cannot accept funds from, or pay funds, until both their identity and residential address have been verified.

Each individual who is named as a trustee, beneficial owner, or a person acting on behalf of the Trust must provide identity and residential address information or documentation

We can verify identify and residential addresses one of two ways:

- » Electronically; or
- » Manually.

## *Electronic verification*

In order for us to electronically verify identity and physical address each trustee, beneficial owner or person acting on behalf of the Trust must complete the Identity verification authority on page 4.

Please email or post to us:

- » The Identity verification authority form for each person.
- » A copy of a current New Zealand Driver Licence or current New Zealand passport or full New Zealand birth certificate for each person.
- » A utility bill, bank statement, rates bill or any other official correspondence showing the name and physical address of each person. We cannot accept PO Box addresses.

Please note: If someone has a foreign passport as their identity document they will need to use the manual verification method as we are unable to electronically verify foreign passports at this time.

## *Manual verification*

If someone chooses to or needs to verify their identity manually they will need to supply certified copies of a variety of documents. Please follow the guide located on pages 5-6 to determine which documents you can submit to meet the requirements.

Please mail to us:

- » Certified identity documents
- » A utility bill, bank statement, rates bill or any other official correspondence showing their name and physical address. We cannot accept PO Box addresses. The document must be dated within the last 12 months.
